### **Ras Slick Bio**

The multi-talented Ras Slick is no stranger to music getting his start while attending church in Jamaica with his mother where he began developing his stage skills singing as a solo act at age 5. From there he was able to win numerous contests and shows during his school years where the experience he gained inspired him to go into the studio and start recording his first solo project, a single titled "Still Loving You" in 2005.

It was at this time when he took on a position as the Entertainment Coordinator with Beaches Resort where he would sing, dance and coordinate recreational activities for guests. He then moved on from there to the RIU Palace Tropical Bay in Negril where he is currently employed as Entertainment Manager.

He started a production company called Mac-Slick Productions in 2007 and has been promoting his solo career with great success as a local artist in Negril. When he wrote and recorded his hit single "LIFE" he was touched so greatly that it made him realize how music is all about life.

It was at RIU where he found success with his first album "Eternal Life" which has allowed him to headline shows with Beenie Man, Bounty Killer, Mavado, Lady Saw, Elephant Man, Anthony B and King Yellowman and other top Jamaican Dancehall and Reggae artists.

His music is a fusion of urban hip hop and classic reggae or hip hop reggae and with his silky smooth tones and his sleek moves, Ras Slick is able to capture the hearts and minds of all those who hear his music.
